

TORCHED DISPLAYS

ATTENTION: these fittings are designed to engage each other with minimal effort. You will never need any other tools to build your display. **DO NOT** force pieces. If a piece is broken, please contact us for replacement.

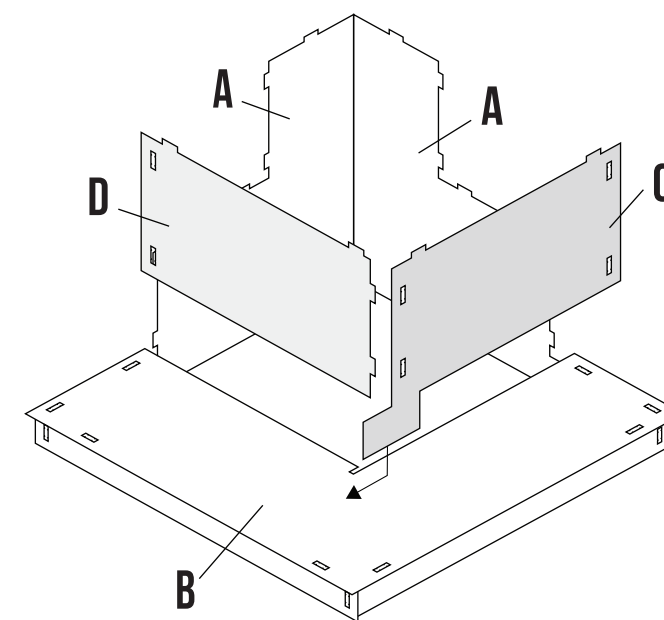

PART LIST

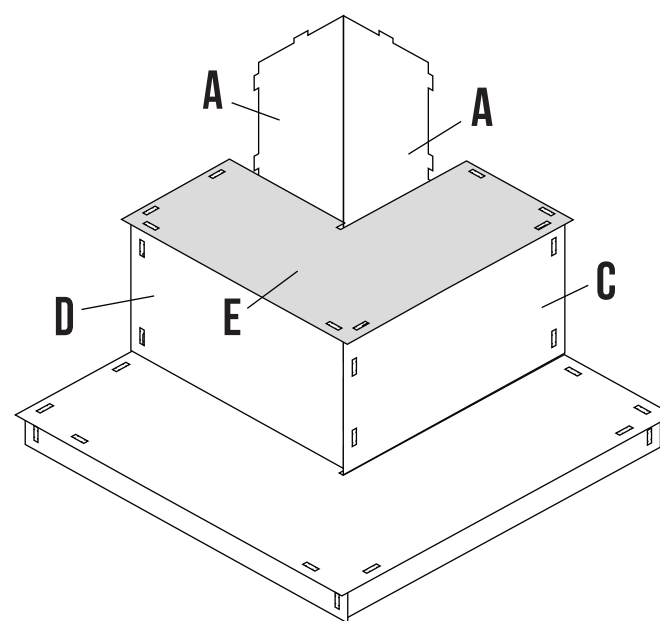

STEP 1: Fit board **G** into board **F** creating the front v-shape bottom of the stand. Connect **F** and **G** to the 2 **A** boards completing the bottom of the stand.

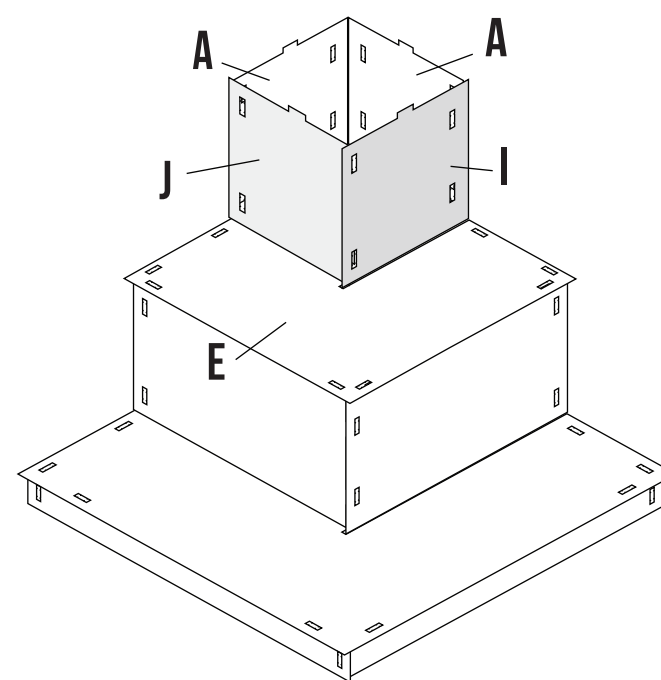

STEP 2: Connect shelf **B** to the bottom front and back boards **F**, **G** and the 2 **A** boards.

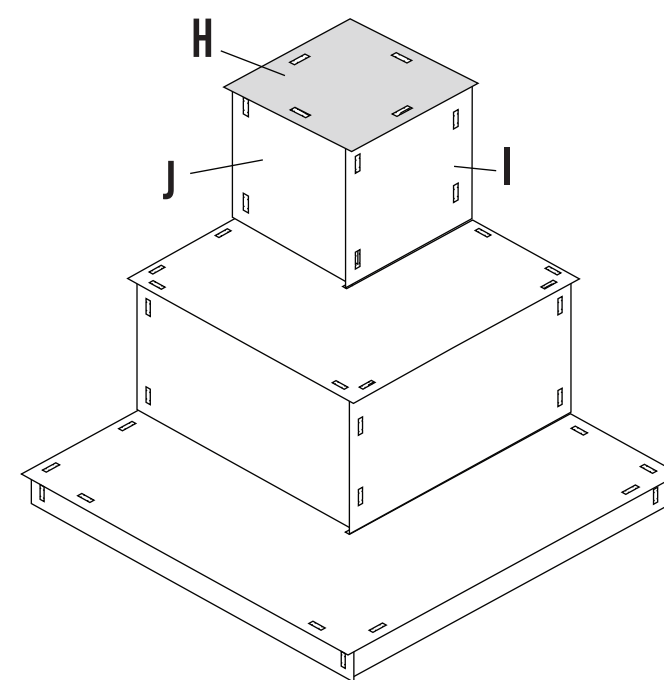

STEP 3: Insert board **C** under board **B** at the middle of the shelf and connect it to board **A**. Insert board **D** into board **C** and board **A**.

STEP 4: Connect board **E** to the boards **C**, **D** and the 2 **A** boards.

STEP 5: Slide board **I** into board **E**. Connect board **J** to board **I**. Connect both boards to the sides of boards **A**.

STEP 6: Connect top board **H** to boards **I**, **J** and both boards **A**.
